Hospital is jammed

Renew aid plea Monday

On hospital grounds

Heliport plan aired

Several local physicians in company with Hancock General Hospital Administrator Thomas O. Logue to Jackson Monday to appear before the Mississippi Commission on Hospital Care seeking priority for the proposed 57-bed addition to the local plant, trustees of the institution were told Tuesday night.

Dr. A. K. Martinovich of the hospital's medical staff, who was present at the board meeting, told the trustees that several of the local doctors might make the trip to emphasize the urgency of the local need for larger hospital facilities.

On Monday the 32 bed hospital had 43 in-patients and at least two patients brought to the hospital that evening had to be sent to Memorial Hospital, Gulfport. So far this month the average patient load has been 33. In an effort to set some admission policy to be followed during these increasingly frequent periods of over-crowding the hospital's joint conference committee, composed of trustees and doctors, will meet at 2 p.m. Wednesday.

During July 300 patients were examined in the emergency room and Logue said that if the trend toward greater such use continued it will be necessary for the hospital to provide a nurse there around the clock.

The board was told by the administrator that no further action has been taken on the request for federal assistance under the Accelerated Public Works program in financing an addition to

the hospital. By letter Congressman William M. Colmer advised Logue the application "had been considered on the waiting level and was found to be eligible" but that "no projects of this type under this program have been approved in Mississippi".

Logue advised he would go before the Mississippi Commission on Hospital Care seeking priority for the addition here for funds appropriated by Congress under the Hill-Burton act.

Apartment building plans told

A half million dollar luxury apartment project on U. S. 90 at Ruella Street got under way this week, first major development of its type here since the advent of Mississippi Test Operations.

The triangular tract fronting 655 feet on 90 and 850 feet on Ruella has been purchased by Royal Apartment Corp. of Baton Rouge, La., through its president, Louis C. Cadenhead, from Dr. T. J. Quigley, Jr.

Clearing of the tract for 66 one, two and three bedroom units is already in progress and construction is to start next week. The two-level apartments, to be known as Bay Pines, are expected to be ready for occupancy in early December.

The units with exteriors of antique brick and redwood are designed by J. Wesley Leake, Baton Rouge architect. Contractor will be A. D. Kendrick Construction Co. of Zachary, La. Sale of the property was handled by Horace Kergeston Realty and Fred T. Rose of Mollere Realty.

Buildings will be arranged in groups of two, four and six apartments for privacy. The project

Steps toward creation of a new Hancock County heliport on the grounds of Hancock General Hospital were initiated Tuesday by the board of supervisors on the recommendation of hospital administrator Thomas O. Logue.

A 100 x 100 foot hard surfaced area south of the hospital building would be sufficient for landing of helicopters, Logue said he had determined in consultation with Corps of Engineers and NASA. The apron could be secured with little difficulty from land already owned by the county and he proposed the approach to be over a swamp to the east of the hospital.

The facility would serve several purposes, Logue noted; to bring persons into Bay St. Louis from Mississippi Test Operations for hospital treatment or on business, and as a shuttle

from the airport in Gulfport. NASA already is using helicopters at MTO and Capt. William Fortune, manager of the space agency installation, has assured him a helicopter will be brought into the new landing area as soon as it is ready.

On the motion of H. G. Dean of Beat 1, seconded by Charles Lovinghouse of Beat 3, Logue was authorized to proceed in securing the necessary easements for the helicopter and determining how much clearing of trees is necessary.

To Logue's suggestion that the \$5,500 in the airport fund might be used for some of the work, board president R. G. Hubbard, Jr., explained that money was earmarked for matching funds for improvement of the county airport. Dean expressed the view the county has got

to move ahead promptly with improving its airport, noting that its present state is denying the area some of the benefits from NASA.

The hospital administrator recalled that NASA has been urging provisions to land helicopters near the hospital so anyone taken ill at the test site might be rushed here for treatment. He added that Crosby Memorial Hospital in Piquette already is going ahead with its heliport.

Uncle Sam this week purchased a perpetual easement for his MTO buffer zone over the 39.25 acres of Star Route Farm owned by R. A. Sivilge for \$370,000. Court records show.

DRAW BRIDGE JAMMED

U. S. 90 drawbridge over East Pearl River was out of commission for about four hours Monday. Pearlington residents reported, after being opened for a cargo of freight, difficulty closing the draw is frequently experienced in the summer with expansion due to heat.

Beat 3 road bids held

County asks chamber for MTO job survey

The board of supervisors Tuesday afternoon called on the Hancock County Chamber of Commerce for a survey of employment at Mississippi Test Operations, held for further consideration, a second set of bids for Beat 3 federal-state aid project which ran \$7,000 over the apparent low last time, and voted an emergency transfer of the Edwardsville voting precinct in Beat 5 from the hut on the airport property to the National Guard armory.

The MTO employment survey was proposed by Supervisor H. G. Dean of Beat 1 who said it shows Hancock County workers being overlooked in hiring the test site as contractors are bringing in union help from elsewhere and employing others from out of the county.

The survey is asked of how many men are working at the test site and how many Hancock residents are employed by the contractors. Since the chamber's area promotion committee is understood to be underwriting an employment study it was suggested the chamber project embrace this phase also.

The emergency order transferring the Edwardsville precinct was requested by R. G. Hubbard, Jr., Beat 5 supervisor, because of the unbearable heat in the old armory which had been used for the second Democratic primary Aug. 27.

On the 3,431 mile Rocky Hill Road project Necaise and Penton of Gulfport appeared to be low bidder at \$165,682.28 with H. E. Wilson of Long Beach next at \$170,604.14 after tabulation by representatives of the state highway department. Bid of J and R

Construction Co. of Bay St. Louis was rejected unopened on the ground the performance bond was not valid in that it had been countersigned by an agent authorized to do business in Louisiana and not in Mississippi. Board attorney Lucien M. Gex advised the supervisors the bond therefore was not legal although B. D. (Pip) John, one of the firm said the countersigning stamp obviously had been made in error.

J and R had been apparent low bidder last time at \$158,615.45 while Necaise and Penton offered \$164,864.32 and Wilson \$165,488.19. That set of bids was rejected as too high, running 16 per cent above the \$136,819 estimate of the state.

The latest bids ran 20 per cent over estimates and supervisors puzzled over how to proceed. State men commented that some increase might be attributed to the time of year since the successful bidder would have to carry the job through the winter with bad weather. T. P. Broome, federal aid man for the highway department, expressed doubt a lower price could be secured by re-advertising at this time but added he felt the state estimate of the job was accurate or it could have been raised.

The Necaise and Penton price provided \$38,210.51 for the two bridges and \$127,363.77 for the roadway, balance going for necessary signs. Dean reinforced that if \$158,000 was high last time so is \$165,000. He favored waiting until spring to seek new prices. Supervisor Charles A. Lovinghouse, in whose beat the project is, said, however, that one of the bridges would not last that long. He finally moved to

hold the bids under study until the next meeting Sept. 3.

In other action payment of about \$1,600 worth of claims on Beat 4, covering 12 items, was approved on motion of Supervisor James Necaise. That docket had been held earlier this month.

Waveland sets paving deadline

Bosworth Construction Co., New Orleans, was given until Sept. 13 to complete paving St. Joseph Street by Waveland's Mayor and Board of Aldermen at last Tuesday's recessed meeting.

Milk, bread bid questions for schools

Opening of bids for school supplies in the coming year occupied the board of education at a meeting last Friday afternoon but they were held for study and no contracts were awarded.

Since no bids were received on bread, the board voted to re-advertise for that item and authorized Superintendent K. G. McCarty to do likewise for milk after securing legal advice.

The milk problem arose when bids were received only from Borden's and Barber's Dairies, the latter having bought out the

ing. This is the last item involved in a \$45,115 construction contract entered into 13 months ago and town council has several times this year complained to the contractor over its failure to complete the work on St. Joseph where gutters and catch basins are also being installed.

Council's action took the form of directing Clerk C. O. Dufour to write a letter to Bosworth setting the time limit before the town takes the matter up with Bosworth's bonding company.

However, discussion at the meeting between the board, D. R. Crow, sub-contractor to Bosworth, and Walter James Phillips, attorney representing Bosworth, indicated that this time the surfacing would be completed.

One of the hitchhikes in completing the work appears to have arisen because of a difference in Waveland's contract with the construction firm and its contract with Crow. The contract between the town and Bosworth provides for the contractor

Family of four critically hurt

Mr. and Mrs. Albert (Sonny) Saucier and their two young children were critically injured in a collision last Thursday morning on the Kiln-Piquette Highway, six miles north of Kiln, as a rash of traffic accidents hit the area during the last week.

Mrs. Saucier, the former Laurie Curran, daughter of Mr. and Mrs. George Curran of Kiln, is in Hancock General Hospital where both her neck and her spleen have been removed as a result of the crash, according to Sheriff Gerald V. Price.

Her husband suffered a broken

wrist and severe facial injuries while five-month old Pat has a severe eye injury. Both also are at Hancock General. Their son, Albert, Jr., 4, underwent surgery at Ochsner Foundation Hospital in New Orleans for head injuries.

According to reports Sheriff Price has from Deputy Lander Necaise and Highway Patrolman Donald Papa, the Sauciers were on route from their home in Pearl River, La., for a visit with her parents when the accident occurred. Mrs. Saucier was driving and it is surmised she

Canvass changes minor

Demos ratify primary

The county Democratic executive committee completed its canvass of the Aug. 7 primary election shortly before 5 p. m. Tuesday, hearing only two requests for a recount in county

elections and found outcome of all races the same as determined by unofficial returns. In most cases there were only a few figures of difference in the two tallies.

Election managers for the second primary on Aug. 27 were confirmed during a hectic all day session Tuesday during which the committee finally rejected a 7-6 vote a request for changes in the Dedaus and Standard precincts of Beat 3. The request was presented by the Shaw interests and the committee spent one and a half hours in executive session on the topic.

A few changes were made however in managers, mainly in Beat 5, according to Leo

Seal, Jr., committee secretary. He indicated these were made on the initiative of the committee rather than a petition.

At Thursday's canvass session, W. A. (Fred) Curet, Jr., candidates for sheriff who ran a close third in the nine-man field, requested a recount of all boxes but the committee took the position that unless he could point to an irregularity, it could not consider the case. Curet then agreed to a recount in the Lake-shore precinct and that showed no change from the manager's tally so the matter was ended.

Other recount request was from Joseph Cuevas who ran third in a field of eight for Beat 3 seat on the board of super-

visors. He asked that the Standard box be rechecked and that also showed no change.

In the Beat 2 count there two votes had been challenged but the challenged ballot not marked, the committee voted to drop the case since there was no way to check who the electors had voted for. As it turned out in that beat only two votes separated the winner and loser in the two-man race for the board

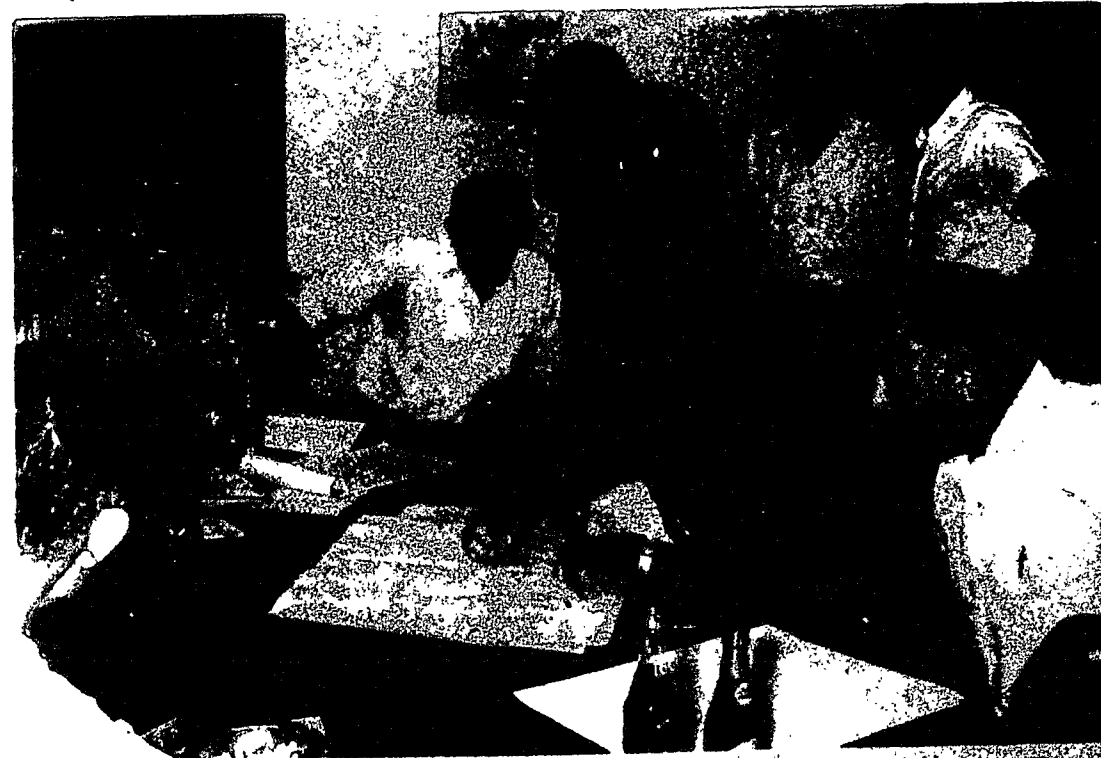

CORRECTION

The Echo was in error last week in stating which candidates in Beat 4 will be in the run-off primary for constable. They are Larry J. Koenen and Kire C. Mitchell, Jr.

of supervisors, Ralph Kellar, former county school board member, edged the incumbent, L. M. Frierson. It had been anticipated that Frierson would seek a recount in view of the narrow margin but he did not appear either at the committee meeting Thursday or on Tuesday.

Only other action of note last week was the election of Delbert Necaise to the Beat 4 vacancy on the committee caused by the recent resignation of Jerry Mitchell. Necaise was nominated by John Koenen. That brings the committee back to its full 15-member strength.

Reinike edges Trapani

First game in men's softball league play-offs Monday night saw Reinike edge by Trapani 4-3 after being all tied up until Reinike's last out at bat. The Traps matched Reinike's game total of 13 hits but last-hat advantage let Reinike take the victory. Buddy Pitale scored the winning run.

Billy McDonald was the winning pitcher, and Gene Rogers took the loss.

In second game action, Industrial Enameling pulled a surprise win over defending champion Southern Realty 11 to 8. The champs fell down in hitting in early play, but tried to retaliate in the last of the seventh inning, but to no avail. Their five runs in the seventh weren't enough and Industrial walked o-

THANK YOU VERY MUCH

I am deeply grateful for the wonderful vote and support that you gave me in the first primary in the race for Sheriff and Tax Collector.

I received 1331 votes and the second place candidate received 679 votes, which gave me a 452 vote majority over my second primary opponent. This is one of the largest vote majority ever received by a Sheriff Candidate in the first primary, with nine candidates in the race.

The large vote that I received was a vote of confidence and an expression of approval of the way I have treated the people when I served them as Sheriff and tax collector in the past. It is also an expression of their desire for me to be their next sheriff and tax collector.

I thank those of you who voted for me and donated your time and effort in my behalf. I also sincerely appreciate the many friends who supported other candidates in the first primary who have now offered their support in my behalf.

I wish to express my appreciation to the many election commissioners who labored so long and tirelessly and did such a fine job.

In the first primary I did not take part in the race of any other candidate and the second primary I want it known that I am running my race only, and that I will not become involved in any other race.

The first primary was only the halfway mark and I urge my friends and supporters to continue their hard work which will insure my election on August 27th, as your next Sheriff and Tax Collector.

Waveland church gets Santa Rosa property

Building facilities including a pastor's home, auditorium, and two educational buildings of Santa Rosa Baptist Church will be moved to Waveland and become property of Waveland Baptist Church during the next few months. The Santa Rosa Church is being disbanded because of Mississippi Testing Operations. Since the congregation will go to far places, the church will not be re-organized elsewhere. Waveland Baptist Church, which now meets in a renovated Army barracks, has appointed a committee to take bids for the moving of the property comprised of Robert Ryperson, chairman of Trustees, J. D. Green, building chairman, and Edsel Gibbons, chairman of finance. The estimated 22-mile-moving project is expected to take place in January. Rev. James Douglass is pastor at Santa Rosa and Rev. Jack Smith at Waveland.

In a one-car accident Monday night on Bliss Meadow Road one mile north of Waveland, Michael Lind suffered a broken leg while the other three occupants of the vehicle escaped with minor injuries. Lind was rushed to Gulfport Memorial Hospital on Hancock General Hospital was filled to capacity. Price identified Gary Tomastich as driver of the car in which Joe Tate and John Lizana were riding along. He said it overturned on a curve. Elbert F. Smith of Jacksonville, Ala., was booked on a charge of running a stop sign after a collision about 4:30 p.m. Monday at Carroll and Dumbor Avenues, according to Chief Deputy Gerald Price, Jr. Operator of the other vehicle was Byron LaSalle of St. Augustine Seminary. Highway Patrolman Frank Blanton reported property damage only in a collision Monday afternoon eight miles north of Kila. Drivers were Clifford R. Malley and Kaisal Lederer, both of Rt. 1, Pass Christian. No information could be secured on a reported accident on Rt. 43 and U. S. 11.

Bay St. Louis Policeman Lonham Garriga reported the arrest of Troy Forbes of Kokomo Saturday night on a drunken driving charge after he allegedly side-swiped two cars on U. S. 90. He was apprehended on the Bay bridge and faces hearing in mayor's court tonight.

Milton Miller of Baker, La., driving a '62 Lark, and Mrs. Edna Isom of Waveland, operator of a 1955 Plymouth, face hearing in mayor's court also tonight after a collision at the Bay bridge and Beach Blvd. Sunday, Garriga and Police Chief Alcine Sauter investigated. A car driven by Henry West of Bay St. Louis crashed into the side of the car driven by Charlie Davis of New Orleans, Saturday night on U. S. 90. Pope reported. West was attempting to make a U-turn at Kila Road and misjudged the speed of Davis' car. No one was hurt. Estimated damage to West's car was \$150, and to Davis', \$75. West was charged with failure to yield right of way.

Mrs. Lionel Adams of New Orleans collided with the rear of the car driven by Orval Bradley of Bay St. Louis Sunday when her brakes failed to hold at the corner of Main and 90. Property damage was slight and no one was hurt, Pope said. Janice Scarborough of Pass Christian was taken to Hancock General Hospital after noon last Thursday for injuries suffered when the driver of a car in which she was riding crashed and the car fell to the pavement. The mishap occurred in front of Sheriff Price's home on North Second Street.

How's Business?
(Cont. from Page 4, Sec. A.)
A bit more costly. Bank borrowings of this nature constitute a supplemental source of lending power for commercial banks. Although this move had been anticipated for several months, there has been a degree of apprehension that it prove the "arrow which breaks the back" of the expansionary phase of business which began in March of 1961. The implication being that this tightening of credit, though minor of itself, may be only the prelude to a succession of other restrictive monetary measures. It is feared that the net result might be a checking off and/or postponement of private borrowing to finance business capital expenditures and consumer spending, thus knocking the props out from under the current boom.

Fundamentally, however, the hike in the discount rate was applied as a corrective measure to help stem the gold hemorrhage. It is not a cure-all for this problem, but merely one facet of the total treatment. It was hoped the higher level of short-term interest rates here would stem the outflow of capital from the United States and coax foreign interests to keep their funds on deposit here.

Hence, unless subsequent moves by the monetary authorities create an unduly oppressive credit climate—which is not likely, in view of the high unemployment rate—the boosting of the discount rate does not now loom as a mortal blow to the business upswing. It is at most a cautionary signal. The supply of credit in the monetary system is still more than adequate to finance legitimate business needs.

SCOREKEEPERS AT JAYCEE ELECTION CENTRAL

Rural home loan eligibility broadened

The Housing Act of 1961 broadens eligibility requirements for Rural housing loans, stated Max H. Stone, county supervisor of Farmers Home Administration.

To be eligible for housing loans in the past, Stone explained, it had been necessary that applicants be engaged in farming. Now families who are living in small rural communities of

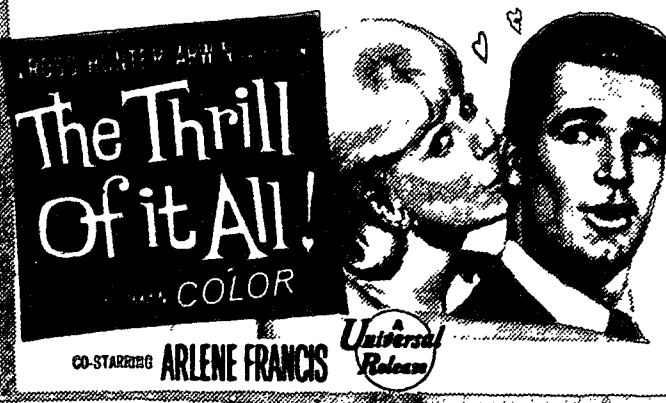

less than 2500 population or on non-farm tracts in rural areas, are eligible for rural housing assistance just as farmers are, provided they otherwise meet the eligibility requirements.

Inquiries or applications for assistance will be handled in the Hancock County Office, located at the Agricultural Building, Bay St. Louis.

Weekend play at Elwood Park for light fund

In an effort to raise money for lights for Elwood Memorial Park in Waveland, there will be two days of softball tournaments this weekend, 17 and 18.

In the women's tournament Saturday, Mollere's Realty, Jerome's, Moran's, Aughenbough Canning Co. of Biloxi, and Kessler WAFs of Biloxi are scheduled to play with game time beginning at 10:30 a.m. Sandwiches and cold drinks will be sold at the concession stand.

Sunday a chicken dinner will be served as the men's teams meet. At 9 a.m. Roland Signs meets CYO; at 10, Gulfport vs. V. and M. Foods; at 11, Southern Realty vs. Broadwater Beach; at 2 noon, Gulf Coast Express vs. Kramkey; and at 4 p.m., Trapani's meets Long Beach Merchants. Playoff between winners of these games is scheduled for 2, 3, and 4 p.m. with the championship play set for 5.

All candidates are invited to attend.

Missing House Is Discovered In Louisiana

From New Orleans STATES-ITEM

BAY ST. LOUIS, Miss. — A three-room house missing since Thursday was apparently stolen and moved to Pearl River, La.

A moving firm owner, contacted after the house was reported missing, said he received \$600 for moving the house.

The moving vehicle was escorted from Logtown, Miss., to the state line by a constable.

Charles Benigno, manager of the Gulfport branch of the Jim Walter Corp., which owns the house, said a Louisiana man said he bought the house from a man named Arthur Wilson. The man produced a receipt for a down payment of \$250.

Benigno said he discovered the ranch-style house was missing when he checked on some of the company's property in Hancock County. He said the house is worth about \$5,000.

"We are going to try to get the house back, but it may be difficult since it is in Louisiana," said Benigno.

It was learned that the house was moved Thursday while most of the area's attention was concentrated on voting in the Democratic primary election.

The constable who provided a police escort said, "There has been a lot of stealing around here, but I didn't think they were getting houses too."

PEARL LOCK CLOSED

Lock 2, Pearl River Project, closed for repairs Aug. 7 and will remain shut to all navigation about three weeks. Since water cannot be passed through the lock during the closure, depth below the lock will be reduced appreciably, the Corps of Engineers advises.

DISTRICT ATTORNEY
BOYCE HOLLEMAN
APPEARED AT LAKESHORE

The incumbent stated in the papers last week that he had a 10% increase of votes in this election over 4 years ago. IT MUST BE REALIZED THAT RUSSELL ELLIOTT HAS A 231% INCREASE over the runner-up (Mr. Fred Bourgeois) in the first primary of 4 years ago? Certainly 10% does not compare to 231% increase!

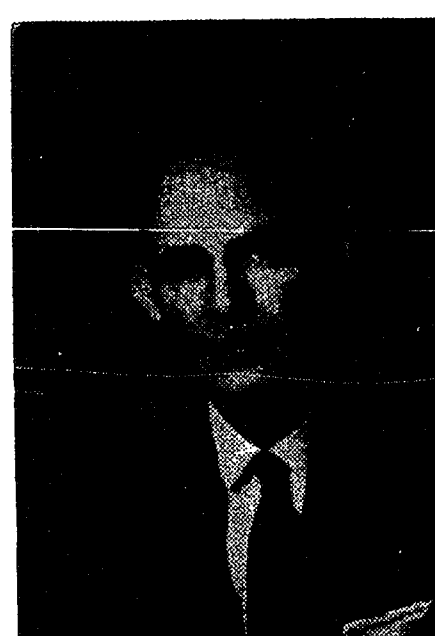

Mr. Bourgeois entered the 2nd Primary trailing Mr. Hubbard by 786 votes, having 354 votes against 1150 votes. ELLIOTT ENTERS THE SECOND PRIMARY with 1200 VOTES and IS ONLY TRAILING BY A SMALL DIFFERENCE OF 63 VOTES. Certainly the incumbent should not compare his 10% increase of 4 years ago against Elliott's 231% increase over the runner-up of 4 years ago.

DEFINITELY MR. HUBBARD WILL NEVER OVERCOME THE TREND OF THIS TERRIFIC INCREASE.

"YES, THE PEOPLE HAVE SPOKEN!" so join with the majority and on August 27th, ELECT

RUSSELL ELLIOTT TO Beat 5, Supervisor.

Approved by Russell Elliott, Paid for by Public

PAUL B. JOHNSON

(Candidate for Governor)

THANKS YOU

Once again, Hancock County has shown its faith in me. For the wonderful vote I received in Hancock County and throughout the State, I am exceedingly grateful. Statewide, the vote was one of the largest ever received by a candidate for Governor in the First Primary.

HANCOCK COUNTY

JOHNSON-----2245
Coleman-----1522
Sullivan-----1725

We welcome the support of the former supporters of Charles Sullivan, and we guarantee them we will never try to sell them to the Kennedys or a known Kennedy candidate at any price.

This word about Mr. Sullivan usually when I have been defeated, I went home and abided by the wishes of the people. I have never tried to dictate to my friends and followers. Mr. Sullivan, in a \$7,000.00 Statewide TV talk, admitted that he sought the advice of some of his followers before he decided to suggest that they support the known Kennedy Candidate in the Governor's race. I do not believe that Mr. Sullivan can bargain with your vote that cheap!

I earnestly solicit the support of all the people of Hancock County in the Second Primary. I know the people of Hancock County and their needs better than my opponent from Choctaw County (North Mississippi), and know that I, as your Lieutenant-Governor for the past 3 1/2 years, have done more for the people of your County than my opponent did while he was Governor for four years.

Sincerely and Gratefully,

PAUL B. JOHNSON

Dog obedience class planned

Paul O. Fessmach of Waveland, who is with Chrysler Corp. at Michoud, will begin instruction on Aug. 20 at the National Guard Armory of a dog obedience class. The class, designed primarily for German Shepherds and other large dogs, will last for three months. At the graduation exer-

cise, a special obedience judge will evaluate the dogs' performances. Fessmach has been training dogs for three years. He and his wife own three German Shepherds, one a trained companion dog. They are members of the German Shepherd Dog Club of Louisiana and New Jersey, where they lived before moving to Waveland in November.

Earlier he had been assured by Foster Fowler, executive director of the commission, that if federal funds could not be obtained under the Accelerated Public Works program the lesser amount permitted by the Hill-Burton act would be provided. The commission on Hospital Care administrators Hill-Burton funds appropriated for hospital construction in Mississippi.

The trustees of Hancock General Hospital voted Tuesday night to cooperate with city and county officials toward construction of landing facilities for helicopters on the hospital grounds. The action was on a motion by Cornelius J. Ledner, seconded by Mrs. T. P. Ward, after Administrator Thomas O. Logue, in explaining what would have to be done, reported that there would be little or no cost to the hospital except for the necessary surveys, part of which has already been done by Lucien Raymond.

Earlier Tuesday Logue brought the matter to the board of supervisors and they instructed him to proceed with the planning for the heliport and Logue said that city officials had agreed to help with the project. The administrator also reported that the sheriff would use prisoners to do much of the work, in particular the removal of trees obstructing a helicopter's approach to the landing area.

A raise to \$520 a month for the chief technician and employment of another to replace Miss Adele Parks, resigned, was authorized by the board but it refused to go along with Logue's recommendation for raises to two other employees. Instead President T. T. Reboul, at the suggestion of Ledner, appointed a committee composed of himself, Ledner and Ray Seal to study the question of pay for hospital employees.

Board members emphasized that they felt the rates of pay should be increased and would have to be in the future but that the members would have to look into the over-all picture more thoroughly, including where the money would come from in order to pay the increases. Martinovich advised that if further pay increases were being considered the nurses should be considered first since they were really the ones with the responsibility. Dr. J. B. Levens, Jr., the other medical staff member present, concurred in this view. To this Logue replied that he didn't oppose raises for the nurses but that the registered nurses had been raised earlier this year.

Payment of July expenses other than payroll totaling \$12,336.40 was approved and the board adjourned until its meeting Sept. 10. Present Tuesday night were Trustees Reboul, Ledner, Ward, Seal and Hubert Thigpen, Board Attorney Sam L. Favre and Logue.

City schools complete plans for next school year

Plans for the opening of the 1964-65 session of the Bay St. Louis public schools at 9 a.m. Friday, Aug. 30, have been completed by Superintendent J. D. McCullough along with holiday plans for the term. Class work begins at 8:30 a.m. Sept. 3.

The enrollment of 1,250 white students and 550 Negroes is anticipated and a budget of \$450,489 has been approved for operations.

All pupils in grades two through eight entering the Bay school system for the first time must report to North Bay Elementary School Aug. 19 or 20 to register for their respective grades. This will help determine seating loads, McCullough explained.

On Aug. 30, pupils in grades one through three living inside the city limits should register at S. J. Ingram School. Those in grades one through four living outside the city limits will register at Waveland School. Those in grades five through eight living outside the city limits will register at Waveland School by the city school system.

Elementary students in grades four through eight living both inside and outside the limits will register at North Bay Elementary School. Only those students living outside of the city limits will be furnished transportation. The State Department of Education allocates transportation funds only for students living outside the city limits of a municipality.

All students are required to

be immunized before Aug. 30 for typhoid, polio, small pox and the combination shots against tetanus, whooping cough and diphtheria.

McCullough said first grade students, both white and Negro, must be accompanied by their parents and bring birth certificates proving they will be six years old by Jan. 1, 1964.

RESULTS

High school students who have not selected their courses for next year should report to the high school principal's office between 9 a.m. and 4 p.m. any day prior to the opening of school.

In preparation for the opening of the elementary faculty will meet at 9 a.m. Aug. 28 at Bay High. High school faculty at 9 a.m. Aug. 29. All white personnel will meet at 2 p.m. that day.

Negro teachers will convene at 11 a.m. Aug. 29 at Valens C. Jones School.

Holiday schedule to Nov. 1, All Saints Day; Nov. 28-29, Thanksgiving holidays; Dec. 20, (Cont. on Page 4-B.)

Fill 3 posts on faculty at HNC

Three new teachers were elected to the faculty of Hancock North Central School last Friday by the county board of education but four vacancies remain.

Principal J. D. Penton said this week.

Elected to the staff were Walter Damians of Waveland who will instruct 11th and 12th grade English and a foreign language. He was in the Jackson school system last year.

R. J. Vermilyea of Long Beach who taught in Florida schools last year has been named head director. He held that post in the Biloxi school system for two years and has 12 years of experience in all.

Pat Harrison Morris of Poplarville was named science teacher and assistant football coach. He received his degree from the University of Southern Mississippi Tuesday. Morris played high school football in Poplarville but has been sidelined since after an automobile accident.

Mrs. Frank Lee also was named school secretary.

Penton said he hopes to have more recommendations ready shortly for the school board. With the sudden death last week of Ted Shaw, he now needs a fifth and sixth grade instructor as well as a first grade teacher, an English teacher and a librarian.

In the case of Damians he probably will teach German as well as English, thus adding a foreign language to the curriculum at HNC. Penton said he hopes to find someone for the other English post who can teach French as well as expand the courses available in that manner.

Miss Prague, Mr. Washam wed in ceremony Monday

Our Lady of the Gulf Catholic Church was the scene for the wedding at 10 a.m. Monday of Miss Sydney Claire Prague, daughter of Mr. and Mrs. S. W. Prague, to William Bradley Washam, III, son of Mr. and Mrs. Washam, Jr., of Houston, Tex. Rev. Denis Harlow officiated at the nuptial mass and traditional wedding music was provided by Professor Joseph Hammerschbach, organist. Arrangements of white flowers and greenery adorned the altar.

Mr. Prague gave his daughter in marriage.

Mrs. C.C. McDonald, Jr., of Bay St. Louis was matron of honor for her sister while another sister, Mrs. George Gourevitch of New York City was bridesmaid. Junior bridesmaids were Miss Wendy McDonald, niece of the bride, and Miss Kathy Hensley of Houston, niece of the groom.

Homar Thornhill of Houston was best man while Earl Hensley, also of Houston, brother-in-law of the groom was groomsman.

Ushers were George Courevitch, C. C. McDonald, Jr., and Andre McDonald.

Members of the house party for the wedding included Mesdames M. A. Phillips, Jr., James

McDonald, James Wood and Earl Hensley.

Mr. and Mrs. Prague entertained afterwards with a reception at Bay Waveland Yacht Club. Flower arrangements and table decor followed the traditional nuptial theme and the tiered wedding cake centered the bride's table.

The couple left during the afternoon for a wedding trip to New York City. They will be at home after Sunday in Houston where they have taken an apartment.

Among out of town guests here for the occasion were the bride's aunts, Mrs. A. P. Woods, Mrs. J. A. Boudeau, both of New Orleans, and Mrs. George Gill and children from Beaumont, Tex.; the groom's uncle, D. Zabotlo of Houston and numerous other relatives from that Texas city.

Women's play-offs start
Mollere dumps
Moran for first

Mollere Realty, hitting on all
fours, smothered Moran 15-2 in
the play-off for first place as
the women's softball league reg-
ular season concluded last
Thursday night.

Mollere racked up 18 hits to
Moran's six. Leading hitters for
the winners were Paula Crider,
Millie Usher, Georgetown Stolz and
Henrietta Wesovich, each with
three hits for four turns at bat.
Jeanette Kimball and Georgetown
Stolz each contributed a homer
for the winning cause. Winning
pitcher was Gayle Sallier.

Moran's two runs came in
the second and fourth innings.
Cleopatra Moran came home on
a two-bagger by Christina Mor-
ran in the second, and Sherriell
Moran scored on a single by
Valerie Malley in the fourth.
Bartie Faye Necaise was the
loser on the mound.

Playoff action for the over-
all championship began Sunday
night when second-ranked Moran
eased by fourth-place Our Lady
of the Gulf 16-3. Top batter for

the winners was Diane Schnieder
3-4 including a homer. Both Fred
Pernicario and Marjorie Lefant
went 2-3 for OLG. Kathleen Be-
lico took pitching honors while
Marjorie Lefant took the loss.
In the night cap top-ranked
Mollere put down third place
Jerome's 15-9. Jerome's led 7-3
at the end of two innings but
Mollere pulled out in front in the
fourth and never trailed again.

Batting leaders for Mollere
were Georgetown Stolz, 3-4, with
one home run, Jeanette Kimball,
a homer, Edith Davis, two tri-
ples, and Kathy Kischler, 3-3.
Ellen McDonald boosted Je-
rome's score with a homer and
batted three hits for as many
times at bat. Winning pitcher
was Gayle Sallier, and loser
Jo Ann Colson.

Tonight's action will see Mol-
lere vs. Jerome's and Moran's
vs. OLG as the best of three
series count down.

BEAT 5 VOTERS WANT SUPERVISOR
CHANGE

THE FIRST PRIMARY PROVES THE
MAJORITY OF BEAT 5 VOTERS
WANT A NEW SUPERVISOR.

PROOF: 1854 VOTES FOR A CHANGE,

ONLY 1271 VOTES AGAINST A CHANGE.

THE PEOPLE HAVE VOICED THEIR DESIRE!

The incumbent, who usually polls ALL OF HIS STRENGTH IN THE FIRST PRI-
MARY, received only 1271 votes and there were 1854 remaining votes that were cast,
Russell Elliott the runner up with 1203 votes (a small difference of only 68 votes) seems
to be the CHOICE OF THE PEOPLE TO REPLACE THE SUPERVISOR.

In this Democratic Society, where the Majority rules, we certainly hope that the
FREE-MINDED CITIZENS who vote their own convictions, (a true democratic privilege)
will now join with the wishes of the majority by voting for RUSSELL ELLIOTT, a
young aggressive leader who is offering his services to assist this community to move
forward in the future growth of our Great County.

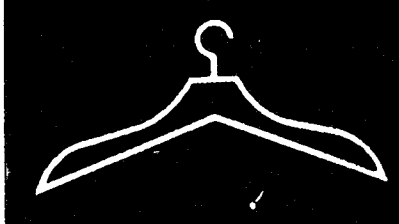

We humbly request that all voters give RUSSELL ELLIOTT an overwhelming vote
for victory.

Even though the incumbent received a few more individual votes,

THE MAJORITY HAS SPOKEN FOR A CHANGE
AND THE LARGEST PERCENT HAS VOTED AGAINST
THE PRESENT SUPERVISOR!

LAKE SHORE LOG

BY MRS. MALCOLM GREEN

The Lakeshore Civic Hall burned to the ground early last Sunday morning. The blaze was discovered by Oliver Shabago around 2 a.m., as he returned from work. This is the second time the hall has been destroyed by fire.

Charles Becker, aged Clermont Harbor resident, died at 8 a.m. this past Sunday morning in Hancock General. Mr. Becker at one time resided in Lakeshore in the home of Mrs. Edgar Williams. Last rites were Tuesday at Riemann's.

Get well wishes to our nephew, Gary Stoufflet, who was rushed to Hancock General election night, also to Jan Smith, Mrs. Fritz Garcia, Robert Brown, Mrs. Hazel Demore, Mrs. Bessie Boudin, and Mrs. Mary Fricke. All are ill and hospitalized.

The new Catholic Church in Lakeshore will be the scene of the coming marriage of Miss Eugenia Necaise and Edwin Jensen, both of New Orleans. Miss Necaise is the daughter of Mr. and Mrs. Woodrow Necaise of New Orleans and Lakeshore. Mr. Jensen is the son of Mr. and Mrs. A. Joseph Jensen. After the ceremony which will be at 10 a.m. Saturday, Aug. 24, a reception will follow in the Clermont-Lakeshore Youth Center, all are invited.

Our deepest sympathy to Mrs. Carl Heitzmann, Alvin Gustin and Austin and Harry Baxter. All have lost loved ones this past week.

The many friends of Mrs. Grace Horton, RN, wish her a speedy recovery. She is in Room 5 at Hancock General.

Miss Adele Parks, has taken her infectious smile, and all, and left her technician's post at the Bay Hospital to work for Drs. Byrnes and Barkley of Pass Christian.

The 2 1/2 lb. son of Warren and Pat Garcia is holding his

Civil Service

secretarial exams called

The U. S. Civil Service Commission has announced examinations are now open for career-conditional appointments to positions of Typist, GS-2 and 3, and Stenographer GS-3 and 4, to fill these federal agency vacancies in 24 Mississippi counties including Hancock.

Basic entrance salaries are \$3,560 and \$3,820 for typists and \$3,820 and \$4,110 per annum for stenographers. Persons who attained eligibility in previous examinations for these positions need not re-apply for this new examination.

The written tests will be conducted at Brookhaven, Laurel, Natchez, Hattiesburg and Keesler Air Force Base.

Further information and application forms may be secured from the executive secretary, board of U. S. Civil Service Examiners, Keesler AFB; Atlanta regional office, U. S. Civil Service Commission, 240 Peachtree St., N. W., Atlanta 3, Ga., or any postoffice.

CSC Card Form 500-AB must be filed with the executive secretary, Civil Service Examiners for Keesler, postmarked no later than Sept. 2.

Rev. Wilson Roster

Final rites were July 26 for Rev. Wilson Roster, 66, retired Baptist minister and native of Pearl River County who had resided at Standard for 70 years. Services were at the graveside in Wolf Creek Cemetery.

ROUSE IN RUN-OFF

Leo Rouse of Lumbago, former principal at Hancock North Central School, led balloting in George County for superintendent of education in last week's primary and will be in the run-off with John Cooley. Rouse got 1,479 to 1,270 for his opponent.

own in the isolate incubator. His twin only lived 8 hours and sympathy is extended to the Garcias.

Congratulations to Buddy and Dorothy Ulrich upon the birth of her first child, a lovely son. This makes the fourth grandchild for Gordon and Mildred Garcia.

Very happy birthday wishes to my son, Irvin E. Green, who was 17 on Aug. 12. Mrs. Viola Garcia celebrated her birthday on the same day.

Mrs. Edgar Williams is once again at home after a long illness in a New Orleans hospital.

Mr. and Mrs. Vernon Becker of Denver, Colo., are staying at the Driftwood Motel. Mr. Becker is a nephew of the late Charles Becker.
